### **DETAILED ACTION**

Claims 1-24 are pending.

#### ***Election/Restrictions***

1. Restriction to one of the following inventions is required under 35 U.S.C. 121:
  - I. Claims 1-14, drawn to DNA by SEQ ID NO.2, SEQ ID NO.:3, classified in class 536, subclass 23.1.
  - II. Claims 1, 5-6, 10, 12, 13-14, drawn to DNA as depicted by SEQ ID NO.:5, classified in class 536, subclass 23.1.
  - III. Claims 1, 7-9, 13-14 drawn to DNA as depicted by SEQ ID NO.:6, classified in class 536, subclass 23.1.
  - IV. Claims 10-11, 13-14, drawn to a MIR molecule as depicted by SEQ ID NO.:1, classified in class 536, subclass 23.1.
  - V. Claims 15-24, drawn to a method of inducing cardiac muscle phenotype, classified in class 435, subclass 91.1.

The inventions are distinct, each from the other because of the following reasons:

Inventions I-IV are polynucleotide sequences drawn to different sequences as depicted by SEQ ID NO.:1, 2, 3, 5, 6. The polynucleotide sequences differ in length and base pair sequences, thus conferring different characteristics and functions to the resultant molecule.

Inventions I-IV and V are related as process of making and process of using the product. The use as claimed cannot be practiced with a materially different product.

Art Unit: 1653

Since the product is not allowable, restriction is proper between said method of making and method of using. The product claim will be examined along with the elected invention (MPEP § 806.05(i)).

Because these inventions are distinct for the reasons given above and have acquired a separate status in the art because of their recognized divergent subject matter, restriction for examination purposes as indicated is proper.

Applicant is reminded that upon the cancellation of claims to a non-elected invention, the inventorship must be amended in compliance with 37 CFR 1.48(b) if one or more of the currently named inventors is no longer an inventor of at least one claim remaining in the application. Any amendment of inventorship must be accompanied by a request under 37 CFR 1.48(b) and by the fee required under 37 CFR 1.17(i).
